

Double Decker Plant Hanger

Finished size: approx. 44" long

Materials: 45 ½ yards total of cord in two colors cut as follows: 22 yards of color A and 22 yards of Color B, three pieces of cord each piece ½ yard long.

One 1" brass ring

Instructions:

1. Cut 4 cords each 5 ½ yards long in Color A and 4 cords each 5 ½ yards long in Color B. Slip the cords through the brass ring and center. You will now have 16 strands.
2. Cut one cord ½ yard long and tie a Wrap Knot to hold cords in place.
3. Separate strands into 4 groups with 4 strands per group. Begin tying Half Knots using 4 strands as shown 2 of each color for approximately 6". Tie the last Half Knot tightly.
4. Drop down 4" and begin tying Alternating Square Knots. Drop down 4" and do another round of Alternating Square Knots.
5. Cut one strand ½ yard long of each Color A and Color B and finish with a Wrap Knot. Trim ends.
6. Repeat Step 3 above except arrange the 4 strands 2 of each color so the 2 shorter strands are in the center of each group. Begin tying Half Knots for approximately 6". (Note: Use the longer strands of each color as Working Strands and the shorter strands as the center strands).
7. Drop down 4" and begin tying Alternating Square Knots. Drop down 4" and do another round of Alternating Square Knots.
8. Cut one strand ½ yard long of each Color A and Color B and finish with a Wrap Knot. Trim ends.

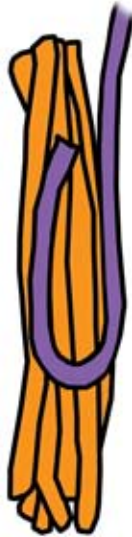

NOTE: Five to Six wraps is approximately 1" of Knot.
